*When medical Excellence Opens its doors to the world*

INSTITUT  
MUTUALISTE  
MONTSOURIS

■ Located in Paris, the Institut Mutualiste Montsouris is a private, not-for-profit hospital. It is the heir to the International Hospital of the University of Paris and the Porte de Choisy Medical-Surgical Centre.

■ The hospital has 480 beds and 25 operating rooms as well as a high-tech innovative technical platform.

■ The IMM has nearly 250 senior salaried doctors and 480 nurses.

■ The hospital is linked to the University of Paris by a cooperation agreement.

## OUR MISSION

■ We treat most heavy or complex surgical pathologies (cardiac, vascular, thoracic, digestive, gynaecological, urological, oncology, etc.). More than 2,000 babies are delivered every year in our maternity ward. We also have an internal medicine department and a psychiatry centre.

■ We make excellence in care accessible to all, by offering personalised healthcare circuits based on advanced expertise and the latest innovations.

■ We carry out our public service missions through teaching and research.

# WHY CHOOSE THE IMM ?

■ An institution recognised nationally and internationally for its clinical excellence:

- Thanks to the quality of its medical and surgical teams, the IMM is identified as one of the best public and private hospitals in France. It has been ranked as part of the 50 best French hospitals for over 20 years by the news magazine «Le Point». It has also been listed among the World's Best Hospitals 2020 by Newsweek.

- Since its creation, the IMM has allocated considerable resources to research, technology and innovation. Each of the IMM's medical team is committed to innovating and integrating increasingly advanced

technologies for the benefit of patients, to deliver constantly improved health care.

■ An organisation dedicated to international patients and a proven expertise :

- Our team is available 24/7 and our services are designed to meet the needs of international patients

- We work in partnership with numerous embassies and international insurance companies

- Our institute is a member of the French health care association, supported by the Ministry of Europe and Foreign Affairs, which groups together internationally recognised health establishments.

# AN ORGANISATION TAILORED TO ADDRESS INTERNATIONAL PATIENTS' NEEDS

In order to facilitate patient care, our team dedicated to international patients offers personalised support before, during and after your stay:

- A single contact person will assist you throughout your healthcare circuit and will be responsible for :
  - Planning, coordinating your stay and your consultation / examination / health check-up appointments.
  - Drawing up a financial assessment after an examination of your medical file by a referring doctor, using a pre-established tariff grid
  - Managing medical evacuations and repatriations.
- Helping you with administrative and financial procedures.
- Assisting you during your appointments to facilitate communication with the teams and provide translations.
- A quality hotel service : individual rooms, specific meals prepared by our chef.
- A concierge service is available on request : accommodation, transport, or special requests to improve your comfort.

## CHECK-UP

Our check-up centre located in the 5th arrondissement offers various types of tailor-made check-ups that can be programmed within a short timeframe.

Several check-up options are available, from simple to complex check-ups depending on your age and risk factors.

Additional options are available: women, cardiology, smokers etc.
